Joe--The Ishmaelite. New North State, (Republican).

There are three political parties in North Carolina now-the Republican Tarner.

It Looks Like It.

It now looks as if the Legislature was in earnest in cutting down salaries. A good start has been made, and we hope this Legislature will hereafter be known as the "Reform Legislature."

A New County Movement. New North State.

A petition is in circulation in the neighborhood of High Point asking the Legislature to cut off the South Western part of this county, together with a part of Randolph and Davidson, and form a new county with the court house at High Point. This is an old project and has been tried several times without effect.

"That's the Question." Charlotte Democrat

It is reported that the State offices for 1880 are already being apportioned by manipulators at Raleigh. It will not amount to much. The Democratic State Convention last Summer nominated a "bolter" (but a very good man) for Supreme Court Judge, and the Democratic House of our State Legislature has just elected a "bolter" for Speaker; and who can now consistently denounce "independents" who may run in 1880.

Senator Dillard.

Riedsville Times. Our Senator Mr. Dillard is proving himself worthy the trust of his constituents. His first two bills have begun at the root of retrenchment and reform. We see with watchful eve he is enquiring into the full expenses and salaried equipments of the penitentiary. He cannot run his hand into a nicer little squat of softness for several of our state officials. The old birds

NORTH CAROLINA.

Questions and Answers. DUNCANVILLE, PA., Jan. 14, 1879.

Correspondence to the News What sort of a country is North North Carolina now—the Republican Carolina for mechanics? Is it a good farming country? What wages des labor command? Is there pienty of timber in Raudolph and Wake? In what part of the State do you have to dig deepest for water? What is the rate of taxation? What is your State debt? W. H. WEABER.

Honest, industrious, intelligent mechanics command fair wages in North Carolina. Tramps are "shot on the spot." They are outlaws. Our climate is healthy and living is cheap. A little home for wife and baby is the inevitable and early reward of honest work. "Pennsylvania Dutch" is a cratic caucus. They let him "set and synonym in North Carolina, for honset until he nearly took root" and he esty and industry. Some of our best threw in a speech of two hours length, citizens are descendants of that sturdy, patriotic people.

2. As a farming country North Carolina is unsurpassed. All that is desirable in climate and soil we possess. Our soil is rich, tillable and easily drained. Our climate is the best in We know two or three very good the world, without exaggeration. Our litical affiliations and practices are stigmatized adventurers and are treated as such. The Northern man votes and thinks as best pleases him, unmolested and unquestioned.

3. There is timber enough in Randolph and Wake for the ordinary uses. Just now a stock law is being agitated throughout the State with some earnestness, with prospects of some salutary legislation by "the Reform Legis-

lature" now in session. 4. Only difficulty in the way of deep wells is rocks. That, some of our people do not regard, while others in the exercise of a choice prefer springs. Our correspondent can be accommodated to deep wells in any of the Western By Telegraph to the News. counties.

5. The rate of taxation is 38 cents on the \$100. If the Reform Legislature does its duty the rate will be cut down

several cents, 6. Our State debt (recognized), is \$26,000,000. An early adjustment of the debt is not probable. For more minute information our correspondent is referred to the able and efficient chief of our State Agricultural De-

The Reno Inquiry.

By Telegraph. plish anything worthy of note, this CHICAGO, ILL, Jan. 18.—Scout Girsession, it will not be for want of the ard in the Reno Inquiry gave a long best advice from the leading papers in account of the movements of the troops on the day of the Custer massacre, and the situation of the battle fields and mentioned the various orders given. He believed the fighting force of the Indians was 2,000 to 3,000. He heard several volleys, of from fifty to one hundred shots each, on the other side of the village, and about that time an order was given every man to mount. Reno's force at that word left the wood where they were stationed and in 10 or 15 minutes he saw Custer's command, or what is believed to be that command. He thought a force of 150 men ought to have held the Indians in check for some time.

Disappearance of Col. Gola.

ROME, Jan. 18 -The Italian Chamber of Deputies yesterday, Signor De-pretis, President of the Council, in reply to the interrogation by Signor Ercole, regarding the disappearance of Colonel Gola, and what steps the Government had taken in the matter,

recapitulated the facts: Colonel Gala, Italian member of the Servian Boundary Commission, went from Belgrade to Bucharest, with Major Wilson of the same Commission. The latter left Bucharest on the third of December, and was to rejoin Col. Gola at Rust-chuk, when they were to proceed to-gether to Constantinople, but Major Wilson has never seen Colonel Gola since he left him Bucharest, and no trace has been found of him, though official inquiries have been made in every direction.
Signor Depretis stated that not with-

standing the most diligent efforts of the Italian Government and its agents, nothing has been ascertained throwing any light on the mystery. He said he trusted the Roumanian Government would not fail in duty incumbent upon it of making searching inquiry in the case. Signor Ercole was dissatisfied with the reply. He insisted that the Roumanian Government was responsi-ble for the disappearance of Col Gola, and declared that if the Italian Government did not make itself respected in the matter and take such steps as appeared to him sufficient, he should move a vote of want of confidence in the Government.

Washington Pest. There are now two strong Presidential movements under full headway inside the Radical political organization. One is in the interest of U. S. Grant, and the other of John Sherman. They possess many points of similarity. On one point, however, they widely differ. The originotors and chief supporters of the Sherman movement are Republicans who think the nomination of Grant in 1880 would seriously imperil the existence of their party, and by

some strange metamorphosis imagine that John Sherman is the man with whom to oppose him.

The Grant managers for the eventual nomination of their candidate depend upon the vote of the Southern States convention and the influences of the Money Power. The leaders of both movements confidently claim the sup-port of the Money Power; Grant's managers on the ground that the ex-President has always had it heretofore, and Sherman's on account of his alleged eminent services in bringing about re-sumption. Tais phase of the subject is destined to provoke the main contest. The Money Power is the ruling influence in the Radical party. It defeated Blaine at Cincinnati three years ago. It renominated Grant in 1872. It will name the Radical candidate in 1880 in spite of all outside machinations.

We beg to differ with our valued correspondent. It is no time now to be "swapping horses." Trade or no trade the NEWS is content.

IN THE Senate there are 31 farmers, 11 lawyers, 1 mechanic, 2 doctors, 8 merchants and 2 ministers. Among the farmers are some of the most intelligent and active members of the Senate. Their ascendency in both branches of the General Assembly makes them responsible for the legislation of the

tured the religious element in South Carolina as well as every other. The Methodist Conference was in session in Charleston during the crisis in his illness. The Bishop announced during one of the sittings that he had just received information that the Governor was better, whereupon the entire body rose as one man and began to sing, "Praise God, from whom all blessings flow." It is doubtful if the Governor ever received a more earnest or gratifying compliment to his worth than

THE active and able Cabarrus member, Mr. Orchard, writes the Concord Register: There is a determination on "the part of this General Assembly to "reduce the expenditures of the gov-"ernment, commencing with the high-"est officials and continuing to the "lowest. The expense of public print-"ing has been reduced nearly one half, "and has become a law. The office of "Sate Geologist has been abolished by his "independents" and let us look at "the House and the bill sent to the lame! "Senate. Committees have been ap-"pointed to investigate anything "and everything where any suspicions "arise leading to fraud or corruption "in office."

If IN HIS vigilance he has not already discovered it. the attention of Commissioner Polk is called to the following: "There is now being formed, in Lynn, "Mass., a company of shoemakers, who "the Southern States to find a good low "cation in which to start a large shoe "factory. The company will consist of "about one hundred shomakers, with "their families. H. R. STEVENS:—

Dear sir,—I wish to inform you what Vegetine has done for family. Eighteen months ago my daughter had a severe attack of rheumatism, and a friend who had used the vegetine entirely cured. I am my-self, at the present time, using the Vegetine for kheumatism with good success. My other daughter has also esed the Vegetine for catairn and nervious debility and has been greatly benefitted by its use. I have also recommended it to many others with young asset and I hones by believe that the Vegetine is the best medicine for the above maned diseases that here is, and I always with to keep it in my house as a family medicine. "propose to send a committee through "Southern States."

A shoe factory is what Raleigh needs. A better opportunity for investment is rarely offered our capitalists.

IT is natural that there should be some apprehension lest the retrenchment of the Legislature should be swamped by the personal influence of of the civil service of the State, that all the office-holders will pull wires and enter the lobby to log-roll an effectual opposition to the reduction of salaries. It is a year when the officeholders should cultivate modesty. The Democratic party has barely escaped a revolution on the issue of retrenchment, and it is not likely to miss the opportunity to redeem its pledges. The office-holders know what is healthy for them and are not likely to interfere with reform. It will be reckoned not only very bad official manners, but it is not likely to be safe.

The Register System. This new and valuable means of cor. tributing to the revenues of the State, is one that must certainly demand the attention of our Legislature. That it has been a great boon to the State of Virginia, where it was first introduced, cannot be doubted, and the character, composition and form of society in North Carolina are in all respects so alike that of Virginia, that we can confidently predicate the success of any means of taxation here that has proved successful there, and when we find, from reference to the report of the Auditor of public accounts of the State of Virginia, that the register yields a revenue of from five to six hundred thousand dollars per annum, or three or four times as much as was brought into the treasury by the old license law, its introduction into the system of taxation of our own State becomes a ques-

tion of deep importance to our people. We are unable to see why there should be any real objection to this mode of raising revenue. Surely it could not come from the great mass of the people, whose shoulders would thereby be relieved of the great burden imposed by heavy taxation, nor can it come with any force or reason from those most immediately concerned, the liquor dealers themselves. The fact that the tax does not attach to the sale until made to consumers, shows that it It is also free from the injustice arising from the imposition of high specific rivilege taxes, each dealer paying a Vegetine is sold by all Druggists.

DAILY NEWS tax in proportion to his sales, and there by placing the small dealer on an equal footing with the larger one. So far, too, from this system being injurious to the trade, it would seem to us to have exactly a contrary effect in that it would necessitate the adoption of a cash basis, and act as an efficient check upon

dishonest employees. Another argument can be urged, and we think it no mean one, that is that experience has shown that where the Register System is in vogue, it has had the effect of diminishing the quantity of alcoholic liquor sold and increased the use of the less delirious beverage,

In view of these facts, and the great need of our State Treasury for more money than can be possibly realized by direct taxation, we think the register system has presented itself in the nick of time, and should be adopted and put in operation at as early a day as practi-

URBANA O., Feb. 19. 1877.

MR. H. B. STEVENS, Boston, Mass.:—
Dear Sir.—I feel greatly indebted to your excellent meoicine. Vegeting, for what it has done for me. I have been subjected to Rheumatism all my life. Was attacked with it three years ago, and suffering territle palus in my cheest, back, and limbs for six or eight months, at which time I commenced using Vagetine on the advice of a friend, who had been entirely cured by it. I had scarcely used a nail bottle until the pain had left me, and my general health began to improve rapicly under influence of this great blood purifier. I had also suffered dreadfully from a Nasal Catarrh for seven or eight years after taking the first bottle of Vagetine I noticed a great change for the better. The coestant pains and heaviness that I had over my eyes for years attsappeared, and the discharge of mucus from the head ceased. My appetite got better, and strength seemed to come with every dose of medicine. Too much cannot be said in its favor; and I always take pleasure in recommending it to my friends who may be suffering from any disease of the blood, for I feel satisfied I they try it they are sure of a cure.

Kespectfully.

Dear Sir,—I have been troubled and suffered a great dear from catarrh. I have tried many remedies they did not cure me, and benefited me but very little; and, dear sir, by using your medicine called the Vegetine A have been cured. Aly likee was cured entirely of Rheumatism by using your medicine, Vegetine, so she is able to attend to her studies at school. She feels very thanking for your medicine, for she been a great sufferer from rheumatism. I would say to one and all, try the Vegetine for such complaints. A few bottles will cure you.

Rheumatise is a Disease of the Blood. The blood in this disease, is found to contain an excess of fibrin. Vegetine acts by converting the blood from its diseased condition to a healthy circulation. One bottle of Vegetine will give relief, but to effect a permanent cure it must be taken regularly, and may take several bottles, especially in cases of long standing.

If the fact that both papers contended for the printing is not sufficient to show the dequacy of the price. I will add that have a printed copy of the Manan husetts contract for the Public Printng which is done at (37) thirty-seven ents and Kentucky's at 40 cents. irginia's printing is done on a basis of 35 cents. Three-fourths of the States put their printing very properly to the lowest bidder and it is generally done at 40 cents or under. The printing question has been set-

Correspondence of the News. I would not have my communication in your paper yesterday considered as being hostile to the Westru North Carolina Railroad. I would be glad to see the road built, but not so extravagantly, and I would have some safeguards put up to prevent the State osing the investment, (as now seems

likely) as soon as the road is completed. I would have the Legislature remember that North Carolina has other territory than the "mud-cut" on which to spend money and other sheep than those of that pasture. If it is deemed advisable to continue to raise and spend nearly a quarter million dollars per annum on railroad buildings, why put it all on one road?

O. E OF THE PROPLE.

Wake County Finances. orrespondence of the News.

I regret to see a meeting of magisrates called for the first Monday in February to consider the propriety of borrowing money for the county. A better mode would be, to do as individuals have to do, and consider ways in which a saving can be effected. We have just saved to the taxpayers \$16,000 of illegal taxes by Judge Seymour's decision. In that decision he also held that even the Legislature can not authorize a special tax to be laid above the constitutional limitation of 00 2-3 cents without submitting question to a vote of the people. The Supreme court have also held that a new county debt cannot be paid tili after the regular expenses of the county are paid. This being the case any parties who might loan the county money now would not get paid until county expenses are greatly reduced or the constitution amended. Let the magistrates instead of borrow-

ing money, cut down expenditures. There are some very visible expenditures that are unnecessary.

A Reversible Hog.

Salisbury Watchman. Mr. Adam Earnhart, at Hatter's Shop, Providence Township, this county, has a sow which had a litter of pigs on the 10th inst., and one of them was a wonderful deformity of nature: It was a dead pig with 2 heads, 4 ears, 4 eyes, 2 tails and 8 legs—really two pigs in one, bellies and breasts joined together from the hind legs to the points of the lower jaws. The legs are so located that it would have been impossible for it to have ever walked for while and it to have ever walked, for while one set of its legs would be on the ground the other set would be up—a reversible pig. Wine and Cake,

The unprecedented success of Speer's Wine in North and South America and Europe, has gained for it among the medical faculty a standing reputation. Chemists and scientific men nave visited his cellars in New Jersey, and analyzed his wine, and pronounced it the most healthy and beneficial in the market. The following letter was received by Mr. Speer from Dr. A. D. W. Ison, one of the cluest and most celebrated physicians of New York City: "I have been in the habit of using Speer's Port Graps wine and have found it an excellent stomachic, a gentle stimulant and tome. It is especially useful in cases of great nervous debility and stomach weakness."

The disposition of unprincipled dealers to additerate wines has compelled Mr. Spert to bottle all his productions and place his signiture over the cork so as to insure to the public its purity. Success in the Stock Market, Success in the Stock Market,

Few people understand how large fortunes are amassed so rapidly in stock operations. Messrs. Lawrence & Co., Bankers, N.
Y., have just published "two unerring rules
for success, and full details, so that any one
can operate. Mailed free. Their new combination system of dealing in stocks is wonderfully profitable. By this m-thod thousands of orders, in various sums, are pooled
into one immense capital and co-operated as
a mighty whole, thus securing to each shareholder all the advantages of vast capital
and best skill. Profits divided every 30 days
\$10, would make \$75 profit, \$100 would return \$1.000, or 10 per cent. on the stock in
the month, and so on, according to the
market. Mrs. S. J., Batter, Fashlon Editress Newark Daily Advertiser, made over
375 per cent. profit on an investment, Oct.
5th. 1878. Many other are doing as well or
better. Large or small amounts can be used
with equal proportionate success by this
system. All kinds of stocks and bonds
wanted. Government bonds supplied. Apply to Lawrence & Co., Bankers, 57 Exchange

Verily, to most people, whose systems are failing or in ony way out of order, Oil as a medicine, is the most disgusting and difficult to take. For stomaches do not revolt at the mere thought of Castor or cod Liver Oil, yet when those appailing symtoms of decay appear, which physicians and patients silke know are unerring signs of greater waste of blood and tissue than the nutritive powers are supplying. Cod Liver Oil is the most trustworthy and effective remedy in the world. But repugnance to its taste and odor, reduce the nervous patient to despair. It is then that friends and doctor can do him the most inestimable kindness he has ever known, by telling him of Scott's kmulsion of Cod Liver Oil with the Hypophos-phittes of Lime and Soda; by truthfully assuring him of its entire freedom from an pleasant smell or odor; of its marvelous qualities as a nutrieut, and the miracles it works, in giving tone and energy to mach, ach, nerve and brain.

FOR THE CURE OF

Hepatitis, or Liver Complaint.

DYSPERSIA AND SICK TRADACHE

Symptoms of a Diseased Liver.

DAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight. dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLane's LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this

A BRIEF HISTORY:

The following is from the Raleigh News and was a voluntary insertion and not an "Years ago an old Indian left a receipt for curing Scrolula with Mrs Person's father. Mrs. Person ives in Franklinton, or in tha section. A child was born to Mrs. Person, and it had the Scrolula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs arawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered the herb, got the whiskey, and did as directed the child. Her child now lives well an hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrolulous affection on the heel. He had been to the Hot Springs in Arkansas, and from there ne went to Kittrell Springs. Nothing dfa him any good. At Kittell's they tolu him of Mrs. Person's recipe, and Dr. — wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the south Carolinian sent ner word if she cured him he would give her five hundred dollars. She sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went nome, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless those old Indiana. AS A TONIC AND ALTERATIV

MOORESVILLE, IREDELL Co., N. C. Being desirous of adding my testimonia to others, concerning the merits of Mrs. Joe Person's Kemedy for Scrofula, I take pieasure in saying that as a tonic and alterative I do not think it has an equal, I have fairly tested it, and after trying Vegetine. Sarsaparilla, Vinegar Eitters, and various other remedies, I have no hesitation in pronouncing it far superior to any IONIO I have ever used. When I commenced using Mrs. Person's Keinedy I was very weak, complection sallow, and now I am WELL, mespectiuly your friend, MOORESVILLE, IREDELL Co., N. C.

MRS. H. T. BROWN. THREE CHILDREN IN THREE

Wales. O. Castalia, N. O. Mas Joe Person:

Dear Madame—Your letter has been received, and on account of being absent from nome for a week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of Scrotula. I hardly know now to express my grattude to you for canner my three little chindren. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of preaking out again. I feel very thankful to you. I can sately say that I believe your remedy to be a certain cure for Scrotula. If I can ever be of any service to you in any way, I want you to be sure and call on me, Yours truly,

WM. H. ARKINGION.

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Ferson's remedy for tima disease. I had suffered from Scrofula for more than three years, and had despaired of eve. getting well. I was treated during that time by three very emine. I physiciaus, without any good resuit. I then went to the national Surgical institute, at Atlasta, ca., and was freated there more than two months, with no better result than my family physiciaus metwith. After I returned from the institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low sp. ritedness fied before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic; it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is hasled, to remove the cause of its effects, it should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and not fins alone it should be taken regularly until an exception that the cure already made would commence to retrograde. And not fins alone it should be taken at the 2 decrease it is emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease if the emedy and it should be taken at the 2 decrease "It will Care if Fairly Tested."

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Puriner, it is everywhere giving perfect satisfaction, while my experience with it is too limited for me to specially recommend it for other diseases I believe it will ultimately prove to be of benefit in all cases arising from impurity e be blood and probably for other diseases

A CASE OF CANCER.

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOS PERSON:

Dear Madam—I have been using your Remedy for scrofula over five mouths as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years, it has taken off my upper lip and a good part of my nose. When i began to use your kemely it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days, it then seemed to start anew, and grew worse very fast, until I had taken the medicine about a week, since then it has not changed much. I think if I could have nad the medicine soon enough, it would have cured me.

For more than a year before using your medicine, I was troubled very much with a disease of the heart, an irregularity in its action, and run up to 20 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tunic and Alterative, I do not think it has any superior I have been using all the most powerful alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is descined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and kespectfully.

The school has many friends, and is well patronized, and will this year fill the sphere of usefulness. The addition of the Kindergarten is another feauture of the

The No-Fence Law.

A movement is on foot to put Wake county forward in this movement, and some of the most prominent and best informed farmers are putting their shoulders to the wheel and pushing the matter onward. It is understood that the movement will so extend as to be almost general, as but slight opposition has been manifested by farmers. A circular is to be issued, explaining the points of merit in the aw, and this will show the saving to the farmers that the plan will develop.

The only way to "beat" it is to fail to turn the crank. Nothing is yet known as to the fact that the system will be adopted, but there is a good deal of inquiry on the subject among sal enists. The committee of legislators are now investigating the workings of the system in other States. The opposition to the bell punch is very great on the part of some barkeepers, while others favor its adoption. The argument used mainly by those opposing the introduction of the system is the small number of cities in

Theatrical News.

Next Wednesday evening Miss Genevieve Rogers appears upon the boards at Tucker Hall. Of this actress and the play of Maud Mull r, which she will produce here, the National Republican of Washington city, says: "The appearance of Miss Genevieve Rogers in "Maud Muller," at the National Theatre, last night, was a grand success in every respect. The house was filled, the piece was put upon the stage in magnificent style, with new scenery throughout, and the support was good. Miss Rogers created a profound sensa-tion, carying the audience with her from the beginning to the close of the performance. At each fall of the curtain she was called out for the plaudits of the audience. It is safe to say that during the engagement of Miss Rogers Present Chief Justice Smith and Justice Dillard. Justice Ashe absent on desiring good seats should make early application at the box-office.'

The Rev. Dr. Galladet, Rector of St. Ann's church, New York, will officiate in Christ church this morning at 11 o'clock and in the church of the Good Shepherd to-night at 71 e'clock. Dr. Galladet is the son of that well known Philanthrophist and Benefac-tor of afflicted humanity, the late Rev. Thos. H. Galladet, who seventy years ago introduced in this country and afterwards greatly perfected the sign language and other studies among Deaf Mutes. He founded or was instrumental in founding asylums and institutions for their comfort and instruction throughout the land-notably the one so generally and favorably known at Hartford, where thousands of these unfortunates live to-day to

oless his memory.

The distinguished Rector of St. Ann's inherits the zeal, and has met with no little measure of the success of his father in this noble work, devoting a great part of his valuable time to it, and will this morning and to-night present to those who may be fortunate nough to hear him, many interesting facts connected with this universally commended and highly successful charity. Dr. Galladet is accompanied by Prof. Turner, of Virginia, himself a Deaf-Mute and General Missionary to is unfortunate fellows throughout the land. The public, as always, cor-

Not Medicine but Food.

The fall and early winter season is the harvest time of hecking caughs and debilitating forms of Catarth, just as the later spring is the seed time of malarial fevers. To know a certain cure of the one, and a preventive of the other, is to have within our reach the most linestimable blessing of the period. We do not know of them, for these really marvelous properties are combined in Scott's Emuision of Pure Cod Liver Oil with the Hypophosphites of Lime and Sods. Liver Oil with the hippy background Soda.

There is no form of physical waste and prostrated vitality, that a bountiful use of the Emulsion, will not change, to glowing health and full life and vigor, and then it is not a disagreeable medicine, but the most delightful kind of food.
